

Shower tray

STAR&CO 90x90 IROKO

WIRQUIN launches its new range of shower trays made from exotic wood.

With the STAR and CO trays, the shower becomes a space for pleasure and relaxation.

STAR and CO 90x90 IROKO

This generously dimensioned shower tray is made from FSC iroko. The boat deck type slats and the frame are made from solid teak.

Easy to fit and comfortable to use, STAR and CO 90x90 IROKO promises some very pleasant moments.

Large dimension 90x90 shower tray

Iroko : anti-rot and anti-slip properties

Reinforced aesthetics, the edges of the shower tray are made from solid iroko

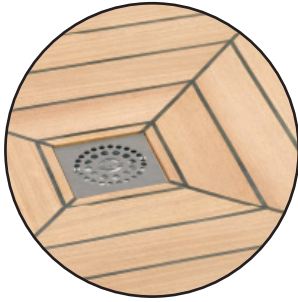

FSC Iroko wood : by using FSC-certified wood, WIRQUIN helps support the exploitation of forests worldwide that meets environmental, social and economic standards, in accordance with FSC rules.

TECHNICAL CHARACTERISTICS

- **Design :**

The tray is made from a panel of wide strips

- **Sensation and pleasure :**

The solid Iroko tray is very pleasant and the sensations you feel when you come into contact with the solid wood are incomparable : its warm surface, with its natural anti-slip properties, adds to the user's comfort.

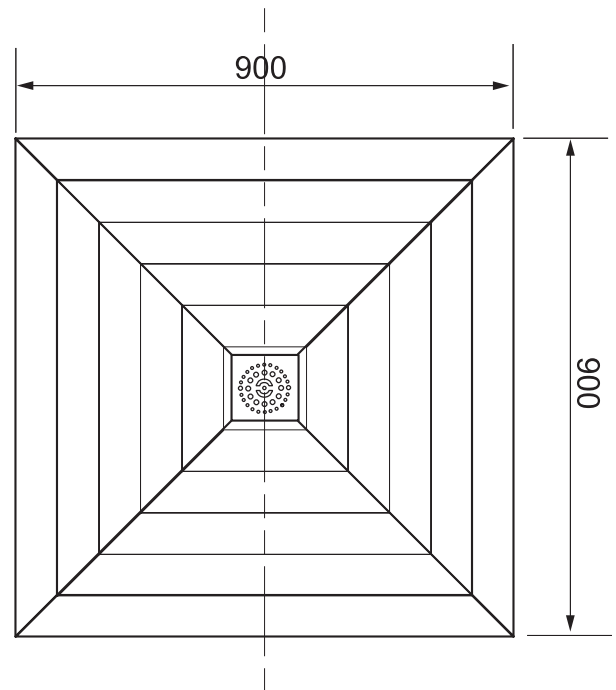

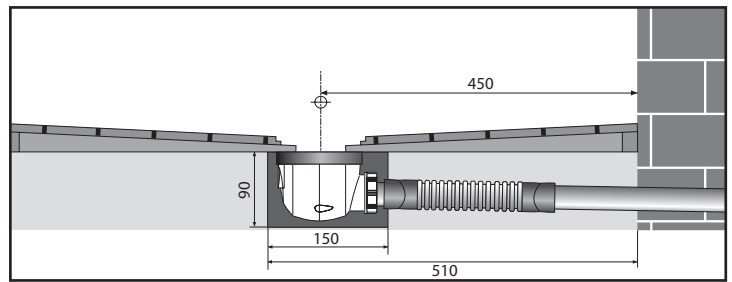

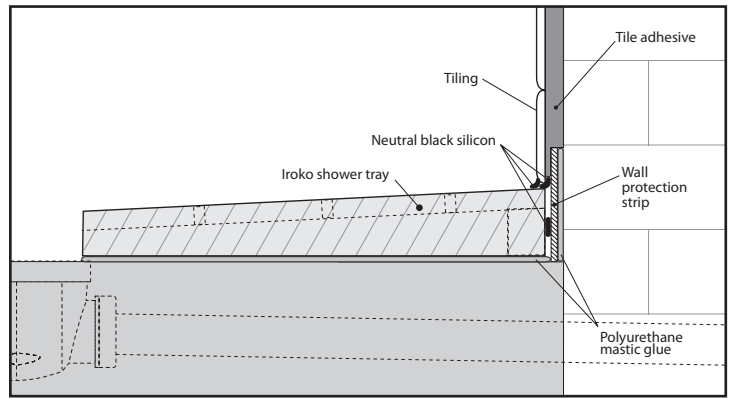

The STAR&CO 90x90 IROKO ensures that you will enjoy your time in a shower space endowed with generous dimensions.

- **Easy to fit :**

The tray simply glues onto a flat frame and the TWISTO waste with stainless steel grid should be used (not supplied).

The solid wood edge allows a wall to be fitted and ensures a perfect finish, even if the tray is not sunken.

- **2 year guarantee**
