

# JOLLYFILL 9.5"

The new inlet valve  
from WIRQUIN

- COMPACT
- SILENT
- FRIENDLY
- FAST FILLING

wirquin.com

# JOLLYFILL 9.5''

## Inlet valve

### General characteristics

**WRAS approved product**

**Compact** - ideal for small cisterns

**Half inch connection**

**Silent**

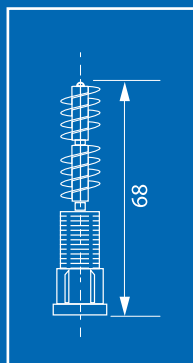

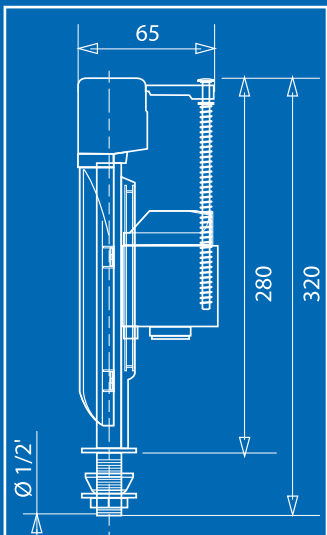

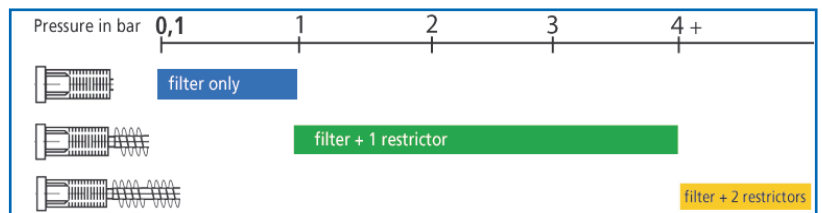

**Fast filling** - immediate shut off

Works from 0,1 bar to 14 bars

Resistant to peaks of pressure up to 20 bars

Includes 2 filters, low and high pressure restrictors (one spare included). Easy to cut the restrictors to suit pressure.

### How to use the restrictors according to pressure

Easy installation - Water level adjustment simply by sliding float up or down, final adjustment by the screw

### Technical characteristics

Overall dimensions	Pressure functional	Water level in the tank	Weight
(H x L x D in mm)	in Bars	in mm	in gr.
320 x 100 x 67	0,1 à 14	150 à 225	228 gr
Inside the tank			
278 x 100 x 67
