## TECHNICAL CHARACTERISTICS

Ringed flexible female-female connector  
Resists temperatures from 0 to 96°C, detergents (bleach, washing-up liquid, washing powder, etc.) and hydrochloric acid-based drain clearing products.

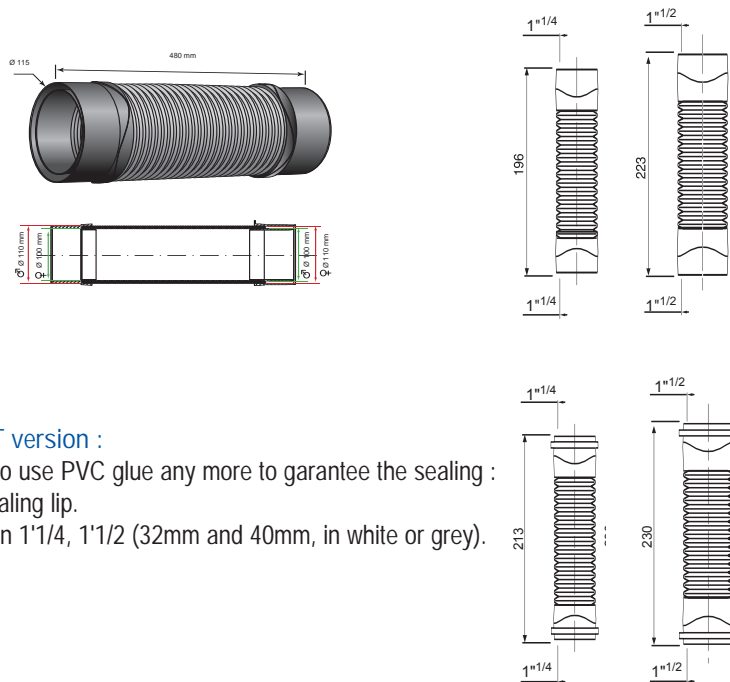

## ADVANTAGES

- Quick and easy to fit
- No need to calculate angles : Will bend to any angle between 0° and 120°.
- Can replace up to 6 rigid female-female connectors: 20°, 30°, 45°, 67°30', 87°30' elbows and sleeves.
- Only 1 reference to deal with per diameter.
- Compensates for misalignment between 2 tubes.
- Guaranteed 5 years

### SOLVENT WELD version:

For use with PVC Solvent weld glue.

Available in 1"1/4, 1"1/2 (32mm and 40mm, in white or grey) and 4" (100-110mm).

### PUSH-FIT version :

No need to use PVC glue any more to guarantee the sealing : double sealing lip.

Available in 1"1/4, 1"1/2 (32mm and 40mm, in white or grey).
